Professional Customer First

Service and Support

Gryphon Engineering Services' works to provide custom and quality services with our clients in mind. Gryphon's professional staff are eager to assist departments and their units in the development of their individual programs. All our courses are tailored to meet the specific requirements & concerns of the client. Our instructors are all experienced military or police special operations personnel who are focused on realistic, real-world solutions. Please contact us today to discuss your needs and how we can provide you with a customized solution.

Start exploring Gryphon's bold line of products online at www.grypheng.com. Commercial products are available for purchase through Gryphon's New Electronic Shop Terminal - NEST.
